ACCESSIONS - Gains onto extended active duty. Includes Academy graduates, ROTC, OTS, reserve recall, enlisted commissioning, medical scholarship programs (SPSP/FAP), and direct appointments.

OTHER LOSSES - Miscellaneous reasons for separation, such as disability separations not entitled to severance pay, pregnancies, resignation in lieu of court martial, weight standards, drug abuse, etc.

REQUIRED GRADES - A manpower requirement is the specific number and type of people needed to accomplish the job, workload, mission, or project. Funded requirements are billets approved for inclusion in the resources reflected in a budget request. Unfunded requirements are approved requirements for authorized workload or projects which are in excess of available resources. Because of legal limits on strengths in grade, i.e. the DOPMA grade ceilings, funded requirements are redistributed by grade to become authorizations.

The two basic "types" of authorizations are permanent party and pipeline. Permanent party authorizations are allocated to the command in Unit Authorization Files (UAF). Pipeline authorizations, for students, transients, and other "Individual" categories are withheld at the Air Staff and are programmed in aggregate rather than by command.

In light of Congressionally mandated reductions in general officer strength, as well as the ongoing USAF reorganization, the FY 1992 General Officer Position Review Board eliminated all unfunded general officer positions. Those positions will be deleted, civilianized, or backfilled with a colonel.

The required grades shown in this Annex are based on the DEC 1991 USAF for permanent party authorizations and the FY93 Officer Grades Allocation for pipeline authorizations. The unfunded general officer slots included in the UAF have been rolled down to colonel, pending decisions on conversion/deletion/etc.

RETIREMENTS - Total losses of members entitled to retirement benefits, either through voluntary means or Selective Early Retirement Boards. Includes estimates for disability retirements.

VOLUNTARY SEPARATIONS - Losses as a result of non-selection for promotion, failure of flying/technical training, maximum age, not qualified for promotion, admitted homosexual/bisexual, in the best interest of national security, etc. Officers lost under these conditions are entitled to separation/severance/readjustment pay, depending on time-in-service considerations.

VSI/SSB/RIF - Estimated losses through Voluntary Separation Incentive (VSI), Special Separation Benefit (SSB), and Reduction In Force (RIF).

USMC

BEGIN STRENGTH - The number of regular officers and reserve officers on the active duty list serving on active duty on the first day of the fiscal year.

DEATHS - The number of officers in the grade shown that died (Marine Corps related or otherwise) during that fiscal year.

END STR - the begin strength for each grade plus gains and promotes-in minus promotes-out and total losses for the fiscal year.

EOB - Expiration of obligation. The number of reserve officers on the active duty list separating from active duty during the fiscal year without severance pay. Marine Corps terminology: EAS - expiration of active service.

GAINS - The number of officers expected to commence active duty or reenter the active duty list during the fiscal year.

OTHER - The number of Marine Corps active duty list officers who leave the active duty list during the fiscal year through voluntary resignations or involuntary procedures which do not qualify them for separation pay.
